RISK FACTORS

*An investment in the Notes involves a high degree of financial risk. You should carefully consider all information in this Prospectus, including the risks described below, before you decide to invest in the Notes. These risks include, but are not limited to, risks attributable to Greenfood AB (publ) (the “**Issuer**” or the “**Company**” and together with its subsidiaries, the “**Group**”) and the Group’s operations, regulatory and financial risks and risks relating to the Notes. If any such risks were to materialise, the Group’s business, results of operations, financial condition and/or prospects could be materially adversely affected, which in turn could result in a decline in the value of the Notes and a loss of part or all of your investment. Further, this section describes certain risks relating to the Notes which could also adversely impact the value of the Notes.*

The description below is based on information available as of the date of this Prospectus. In this section, the Issuer’s material risk factors are illustrated and discussed. In each category of the below section, the most material risk, in the assessment of the Issuer based on the probability of their occurrence and the expected magnitude of their negative impact, are presented first. The subsequent risk factors are not ranked in order of materiality or probability of occurrence and thus presented in no particular order.

The manner in which the Issuer and the Notes are affected by each risk factor is illustrated by way of an evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected magnitude of its negative impact, for the purpose of which the probability is estimated as “low”, “medium” or “high” and the magnitude of negative impact if it would occur as “low”, “medium” or “high”. Please note that in the event that several risks occur at the same time, this may lead to material consequences, irrespective of if the impact of each such risk taken in isolation is classified as being low, medium or high.

*Regardless of whether the Issuer has estimated the probability of a risk factor occurring or the expected magnitude of its negative impact as “low”, “medium” or “high”, all risk factors included in this section have been assessed to be material and specific to the Issuer and/or the Notes in accordance with Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 (the “**Prospectus Regulation**”). Please note that there may be additional risks affecting the Group which have not been included in these risk factors due to such risks either not fulfilling the requirements under the Prospectus Regulation or being unidentified by or unknown to the Group’s management.*

Before making a decision to invest in the Notes, any potential investor should carefully consider the risk factors outlined below, as well as evaluate external factors, and make an independent evaluation.

Group and operating risks

Global economic conditions

The Group’s business is divided between three main business lines: (i) the fresh produce business line (“**Fresh Produce**”), (ii) the food solutions business line (“**Food Solutions**”) and (iii) the Picadeli salad bar business line (“**Picadeli**”). As a supplier of healthy foods and food technology within both the wholesale and retail markets, the Group is reliant in each of its three business lines on sustained levels of demand on both those markets. A lengthy economic downturn, a sustained loss of consumer confidence in the markets in which the Group operates, or other problems relating to the Group’s customers or product end-users, could trigger a decrease in

demand for the Group's products and a decline in its sales. This could have an adverse impact on the Group's net sales, financial position and earnings.

In particular, economic and political factors may adversely affect consumer confidence, disposable income and consumer spending as well as other factors affecting consumer climate, including temporary or permanent changes to consumer habits such as the frequency and amount spent by consumers on out-of-home consumption. The Group's business with hotels, restaurants and catering ("HoReCa") customers could be affected by a reduction in out-of-home consumption. Furthermore, economic and political factors may impact consumer sentiment and trends in relation to the Group's products, inter alia by way of changed attitudes in respect of environmental awareness.

The Company assesses the likelihood of the above-mentioned risks occurring to be medium. If the risks were to occur, the Company considers the potential negative impact to be medium.

Public health outbreaks, epidemics or pandemics, including the global COVID-19 pandemic, disrupted and may continue to disrupt, the Group's business and could materially affect the Group's business, financial condition and results of operations.

The COVID-19 pandemic and resulting worldwide economic conditions affected the Group's business, financial condition and results of operations.

The COVID-19 pandemic negatively impacted the global economy, disrupted global supply chains and created significant volatility and disruption on financial markets. For example, government imposed mandatory closures and restrictions across various key global markets of the Group resulted in volatile supply and demand conditions, primarily due to reduced demand in the distribution channels of all the Group's business lines. As a result, products were redirected to the retail channel and in some cases this led to an increased supply and lowered pricing. This primarily impacted Picadeli and Fresh Produce.

A prolonged period of substantially reduced sales in the markets where the Group operates due to a further wave of infections or new strain or mutation of the Covid-19 pandemic or an outbreak of other contagious viruses could have a further adverse effect on the Group's businesses, financial condition, results of operations and cash flows.

As of the date hereof, the Company assesses the likelihood of the risk of a renewed wave of infections or a new strain of Covid-19 occurring to be low and the risk of prolonged effects of the COVID-19 pandemic occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Commodity prices

The Group is directly exposed to commodity price fluctuations reflected in the raw materials used in its business lines, including primarily agricultural produce but also plastics and pulp. External factors such as weather conditions, natural disasters, harvests and the quality of the products produced, currency fluctuations, commodity market conditions (including the availability and quality of the product in the market), restrictive environmental regulation, consumer demand, and the effects of governmental agricultural programmes affect the prices for raw materials and products used by the Group and its suppliers in the farming, manufacturing and packaging processes.

Agricultural products are vulnerable to adverse weather conditions, including windstorms, floods, drought and temperature extremes, which even if common, are difficult to predict. Furthermore, agricultural products are vulnerable to crop disease and pests, which may vary in severity and effect, depending on the stage of production at the time of infection or infestation, the type of treatment applied and climatic conditions, the effects of both of which may be influenced and intensified by ongoing global climate change. Such unfavorable growing conditions can reduce both crop size and crop quality. In extreme cases, entire harvests may be lost in some geographic areas.

As a result of increased commodity prices, farmers, suppliers and manufacturers may seek to pass any additional costs resulting from increased commodity process on to the Group. Furthermore, low yields of the produce supplied may result in significant increases in prices of produce relied on by the Group in its operations. If the Group is unable to pass any such increase in purchasing costs further on to its customers, or if the Group cannot increase sales volumes to offset rising purchasing costs, the Group's business, financial condition and results of operations would be adversely affected.

The Group is also exposed to increased prices in its ordinary course capital expenditure, such as equipment used in its facilities which may be subject to price increases as well as microchips and other technological components used in the Picadeli business line, which are increasingly becoming in short supply due to increased demand and scarcity of resources required in their manufacture. The items may also increase the Group's exposure to supply issues and increased prices, potentially resulting in a significant impact on its profitability and ability to expand, or even continue at current levels, its operations as planned.

The Company assesses the likelihood of the above-mentioned risks occurring to be medium. If the risks were to occur, the Company considers the potential negative impact to be low.

Suppliers of raw materials

Since many agricultural products are produced at a considerable distance from the Group's production and packaging plants and markets, costs for transportation constitute a significant cost item for the Group. In particular, the potential negative impact on margins resulting from the growing demand for environmentally acceptable transport methods must be taken into consideration. Agricultural products used in the Group's business are highly perishable and must be brought to the relevant consumer market and sold soon after harvest. The Group's ability to service its customers depends on the availability and timely supply of products and raw materials from several external suppliers.

The Group depends on means for transportation such as ships and other modes of transportation to obtain its raw materials and deliver its products to its customers. Disruption of this supply chain arising from, among other things, poor weather conditions, inadequate transport infrastructure, labor unrest, geopolitical circumstances or other events beyond the Group's control could impair the ability of the Group to obtain supplies of its raw materials or to deliver its products to its customers or, in the case of shipping, could result in incurring demurrage claims by ship owners for loading and unloading delays.

An inability to maintain a national and international supply chain for delivery of essential produce or other problems in supplies, such as delays or interruptions, may have adverse consequences for customer relations, and an inability to pass on to customers any increases in the Group's operating costs arising from increased freight and transportation costs may have a significant negative impact on the profitability of the Group.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be low.

Damage to warehouse facilities

The Group leases several warehouse facilities. At the central warehouse facilities, logistics operations include deconsolidation of goods received from suppliers, as well as sorting, consolidation, assembly, cargo loading and customised distribution and inventory management services. If the Group's central warehouse facilities or any warehouse or production facilities of its suppliers, or the equipment therein, would be damaged or the operations carried out at such facilities interrupted, for example because of fire, mechanical failures, extended or extraordinary maintenance, work stoppages, power interruptions, IT-disturbances, or if any such warehouse or production facilities would have to close, the Group may suffer significant losses and delays in delivery, which in turn could adversely impact customer relationships and potentially reduce contractual volumes or even lead to termination of contractual relationships. The materialisation of any of the above risks would have a significant impact on the revenues and profitability of the Group.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Key Personnel

The Group is dependent upon several key employees, including the CEO, the CFO and the business line heads, who have together developed the efficient day-to-day operations and systems within the Group. It cannot be excluded that such key personnel will leave the Group in the future, or that they will take up employment with a competing business, which could have a negative effect on the Group's operations, earnings, and financial position. There can be no assurance that the Group will be able to recruit new, qualified personnel in a timely manner or at all, or to the extent that would be required to maintain operations in the manner the Group's customers expect. Any delay or failure to replace key employees with similarly qualified and experienced staff, may affect the efficiency and productivity of the Group and therefore the strength of its overall business operations and financial position as well as future prospects. Furthermore, the need to replace key employees particularly if on short notice or if there is high demand for such skills and experience, may result in the Group needing to pay significantly higher wages to recruit the required quality of employee.

The Company assesses the likelihood of the above-mentioned risks occurring to be medium. If the risks were to occur, the Company considers the potential negative impact to be medium.

Risks relating to inadequate insurance

While the Group believes it maintains an adequate insurance coverage for its operations, in line with industry standards, any inability to maintain such insurance policies or significant increases in the premiums charged for such policies could have a material adverse effect on the Group's business, financial condition and results of operations. Furthermore, the Group's insurance policies have excesses that should be covered by the Group and there is a risk that the Group's existing insurance policies do not sufficiently cover all potential damage incurred. Insurance providers may also delay payment and/or challenge valid claims for any reason, delaying payment under insurance policies and potentially exacerbating potential periods of disruption to operations. Any of these risks may affect liquidity, in terms of the timing of receiving insurance pay outs, as well as the financial position of the Group if losses are not covered to a material extent, as well as potential reputational damage and loss of customers due to delays to the Group's operations.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Risks related to acquisitions

From time to time, the Group may evaluate potential acquisitions that are in line with the Group's strategic objectives. Acquisition activities may present certain financial, managerial and operational risks, including diversion of management's attention from existing core business, difficulties when integrating or separating businesses from existing operations and challenges presented by acquisitions which may not achieve sales levels and profitability that justify the investments made. If acquired assets are not successfully integrated into the Group, it could lead to additional costs, need for adaptations of the existing operations and loss of anticipated synergies which in turn could negatively affect the Group's business, financial condition and results of operations. Future acquisitions could also result in dilutive issuances of the Group's equity securities, the incurrence of debt, contingent liabilities, costs for amortisation, impairment of goodwill or restructuring charges, any of which could harm the Group's financial condition or results of operations.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be low.

Risks related to IT infrastructure

The Group depends on information technology to manage critical business processes, including sales, merchandise resources and administrative functions. These processes collect, interpret and distribute business

data and communicate internally and externally with employees, suppliers and customers. For example, the Picadeli business line relies on artificial intelligence processes to predict demand for salad bars and regulate supplies and other logistical processes within the Group's operations. Disruptions or failure of information technology systems are possible and could have a negative impact on the Group's operations, including causing transaction errors and loss of customers as well as sales, and accordingly could have negative consequences for the Group and those with whom the Group does business.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Majority owner

The Group is currently controlled by one principal shareholder, whose interest may conflict with the interest of the holders of Notes ("Noteholders"), particularly if the Group encounters difficulties or is unable to pay its debts as they fall due. A majority shareholder has the power to control a large amount of the matters to be decided by vote at a shareholders' meeting, such as the election of the board of directors. Furthermore, a majority shareholder may also have an interest in pursuing acquisitions, divestitures, financings or other transactions that, in their judgement, could enhance their equity investments, although such transactions might be adverse to the interests of the Noteholders. If such event were to occur it may adversely affect the Group's operations, financial position and results.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Market risks

The Group's business is highly competitive.

The Group faces strong competition from many companies in all of its business lines. Fresh Produce's main competitors include other fresh fruit and vegetable producers, such as Veiko Laine in Finland and Everfresh in Sweden with numerous smaller independent competing distributors, as well as retailers that source directly from distinct sources. Competition in the Group's industry is based on many factors, including prevailing price levels on produce, brand recognition, customer loyalty, product quality and reliability, assortment and category management, know-how, including spot market know-how, assortment range, distribution network, and scope and quality of in-store services. The principal competition in the Picadeli business line comprises of competing players offering various forms of out-of-home meals and food sources that are generally available to consumers. The Group's primary competitor in Food Solutions business line is Everfresh and Bama, both offering fresh produce as well as broad assortments of pre-packed foods for the consumer markets.

The Group competes with other specialised fresh produce providers as well as large-scale convenience food manufacturers and centralised food retailers, many of whom offer proprietary private label brands that compete with certain of the Group's products. The Group's customer network includes both large and structured food retailers with centralised purchasing operations (such as Coop) and food retailers running a decentralised model where each single retailer, or a cluster of retailers (such as ICA), negotiates and enters into agreements with suppliers and service providers. Should larger food retailers, those that operate centralised purchasing functions, increase utilisation of their own distribution networks and/or private label brands, the competitive advantages the Group derives from its business model and brand image may be eroded. Failure to respond to such competitive actions may reduce the Group's ability to retain customers or secure adequate shelf space at retailers and adversely affect the Group's business, financial condition and results of operations. In addition, the Group may lose business from larger customer accounts to other specialised fresh produce providers or as a result of large centralised food retailers integrating backwards in the value chain and begin offering an in-house salad bar solutions (including in-house sourcing and merchandising) to its retail customers. In addition to customers integrating backwards, producers, suppliers and manufacturers may integrate forward in the value chain and begin delivering their own assortments of manufactured food products to the points of sale without intermediaries. Furthermore, competitors may reduce prices below levels that the Group cannot profitably offer. The Group believes developing and maintaining a competitive advantage will require continued devotion and

investment by the Group in product development, merchandising capabilities, sales and marketing and customer relationships. The Group may, at the desired point in time, lack sufficient resources to make the necessary investments to do so, resulting in that the Group will not be able to compete successfully in its industry or against its existing or future competitors. If the Group does not compete successfully, its business, financial condition and results of operations may be materially and adversely affected.

Some of the Group's other significant competitive risks include the following:

- competitors may have greater operating flexibility and, in certain cases, this may permit them to respond better or more quickly to changes in the industry or to introduce new products and packaging more quickly and with greater marketing support;
- several of the Group's business lines compete with products sourced from other regions, private label products and other alternatives;
- bidding for contracts or arrangements with retail and food service customers is highly competitive, and the prices or other terms of the Group's contract bids may not be sufficient to retain existing business or to maintain current levels of profitability;
- existing customers may demand changes in terms of trading which would impact the Group's cash flow and/or profitability;
- the Group cannot predict the pricing or promotional actions of its competitors or whether those actions will have a negative effect on the Group; and
- global economic conditions or trade disruptions may influence the behavior of the Group's competitors in a manner, which may have a negative effect on the Group.

There can be no assurance that the Group will continue to compete effectively with its present and future competitors.

The Company assesses the likelihood of the above-mentioned risks occurring to be medium. If the risks were to occur, the Company considers the potential negative impact to be medium.

Demand for products

As a provider of fresh produce and food solutions to retailers, convenience stores and other customers, the Group relies on continued consumer demand for its products. The Group's sales are affected by a number of factors, including significant changes in consumer preferences; the Group's ability to anticipate and respond to shifts in consumer trends, including increased demand for products that meet the needs of consumers who are increasingly concerned with health and wellness as well as the environmental and ethical impact of their personal consumption; the quality and variety of the services and products offered by the Group; the Group's ability to secure adequate and appropriate shelf space at customer locations; the Group's ability to develop new products and concepts that are responsive to consumer preferences; and the Group's ability to respond to competitive product and pricing pressures.

In general, consumer preferences may shift due to a variety of factors, including demographic changes; consumer concerns regarding the health and environmental effects of ingredients; and negative publicity (even if unwarranted) resulting from regulatory action, allegation or litigation against the Group or other companies in the food production industry.

Furthermore, if the Group is not successful in its promotional efforts or if the Group fails to develop and improve its product assortment, or if new concepts and products do not achieve consumer acceptance, it could have a material adverse effect on the Group's business, results of operations and financial condition.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Seasonality in sales

The Group's net sales are generally subject to a significant upsurge during the spring and summer months. In the period December to March, demand for the Group's products tends to decrease beneath normal levels, in a manner consistent with beginning of spring. Furthermore, to some extent, general demand for the Group's products tends to decrease during periods of unusually cold weather. These factors have greatest effect on monthly comparable sales while the annual impacts are typically not materially affected by the above consumption patterns. However, extended periods of bad weather in the spring and summer months can have an adverse effect on annual sales and revenue. Furthermore, this seasonality leads to fluctuating working capital and liquidity, which if it cannot be covered by existing credit lines may have an impact on the Group's ability to maintain and develop its business lines, and in extreme circumstances the Issuer's ability to service interest payments under the Notes.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Quality issues and negative publicity

There is increasing governmental scrutiny and public awareness regarding food safety and quality including in relation to issues around product contamination or spoilage, misbranding, product tampering, and other adulteration of food products. The Group depends on its suppliers to deliver produce that meets or exceeds stringent safety and quality standards. The Group's success depends on its ability to maintain consumer confidence in the safety and quality of its products. In the event that certain of the Group's products are found, or are alleged, to have suffered contamination or deterioration, whether or not while under the Group's control, the Group's reputation could be adversely affected, which may require significant resources to overcome.

Product safety or quality issues, actual or perceived, or allegations of product contamination, even when false or unfounded, may require the Group and/or its suppliers from time to time to recall a particular product from all of the markets in which the affected product was distributed, destroy product inventory, temporarily close plants and processing sites and expend substantial costs on compliance or remediation.

Consumption of a misbranded, adulterated, contaminated, or spoiled product may also result in personal illness or injury. The Group could be subject to claims or lawsuits relating to an actual or alleged illness or injury, and the Group could incur liabilities that are not insured or exceed its insurance coverage. Even if product liability claims against us are not successful or fully pursued, these claims could be costly and time consuming and may require the Group's management to spend time defending the claims rather than operating its business.

The occurrence of any of the above risks could adversely affect the Group's business and reputation. Damage to the Group's reputation or loss of consumer confidence in its products could result in decreased demand for the Group's products and could have a material adverse effect on the Group's business, financial condition and results of operations.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be high.

Agreements with key customers

The Group must maintain mutually beneficial relationships with its key customers to compete effectively. A large portion of the Group's net sales derive from food retailers. The Group's largest customer, Bergendahls Food, accounted for approximately 9 per cent. of net sales in the twelve months ended 30 June 2021. The second largest customer accounted for approximately 8 per cent. of total net sales over the same period. Following the acquisition of Bergendahls Food by Axfood Group, the Group's contract with Bergendahls Food has been replaced with a new contract with Axfood Group and it is likely that the Group's net sales attributable to Bergendahls Food will decrease as a result. Changes in customers' strategies or purchasing patterns may adversely affect the Group's net sales. Disagreements or deterioration of the Group's relationship with any of

its major customers could lead to loss of current or future business with its major customers, in particular centralised food retailers, which could have a material adverse effect on the Group's business, financial condition and results of operations.

The Company assesses the likelihood of the above-mentioned risk related to Bergendahls Food occurring to be high. If the risk were to occur, the Company considers the potential negative impact to be low.

The Company assesses the likelihood of the above-mentioned risks related to other customer contracts occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be low.

Financing Risks

Dependency on other companies within the Group

The Issuer is a holding company and holds no significant assets other than investments in its subsidiaries. Thus, the Issuer is dependent upon receipt of sufficient income and cash flow related to the operations of the subsidiaries. Consequently, the Issuer is dependent on the subsidiaries' availability of cash, and their legal ability to make dividends which may from time to time be limited by corporate restrictions and law. A decrease in any such income and cash flow may have a material adverse effect on the Group's financial condition.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be high.

Currency risk

Since the Group operates in various countries, a large portion of its expenses and a portion of its sales are in currencies other than SEK, principally EUR and USD. Typically, the Group's costs and the corresponding sales are denominated in different currencies, and the Group's results of operations are consequently impacted by currency exchange rate fluctuations. The Group presents its financial statements in SEK. As a result, the Group must translate the assets, liabilities, revenue and expenses of all of its operations with functional currencies other than SEK into SEK at then-applicable exchange rates. Consequently, increases or decreases in the value of the currency SEK may affect the value of these items with respect to the Group's non-SEK businesses in its consolidated financial statements, even if their values have not changed in their original currency. These translations could significantly affect the comparability of the Group's results between financial periods or result in significant changes to the carrying value of the Group's assets, liabilities and equity. The Group has in the past utilised hedging arrangements to mitigate foreign currency exposure, and may do so also in the future. The Group may elect not to hedge all of its foreign currency risk and may not be able to hedge at favorable rates, or at all, and currency fluctuations may move in such a manner that causes the Group to incur losses despite its hedging arrangements. A failure to effectively manage the Group's currency transaction and translation risks as desired could have a negative effect on the Group's earnings and financial position.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be low.

Borrowings by the Group

The Group has incurred and may in compliance with the limits according to the Conditions further incur, financial indebtedness to finance its business operations. Such financing may generate interest costs which may be higher than the gains produced by the investments made by the Group. Borrowing money to make investments will increase the Group's exposure to the loss of capital and higher interest expense. Interest on the Group's borrowings from time to time are subject to fluctuations in the applicable interest rates. Higher interest rates leading to higher debt funding costs could negatively affect the Group's earnings and financial position. Failure by the Group to comply with the terms (including financial covenants) of its financing arrangements (including in particular the revolving credit facility expected to be entered into in parallel with the issuance of

the Notes, as well as local credit lines permitted by the terms of the Notes) may result in defaults under those agreements which may have a material adverse effect on the Group's operations and financial position.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

Legal, regulatory and political risks

Legislation, regulation and authorisations

The Group's activities are subject to extensive laws and regulations, both general and industry-specific, including environmental, property, labour and occupational health and safety standards, competition and tax laws as well as import and export regulations, in each of the geographical markets in which it operates. The Group is also required to conduct its business in accordance with applicable trade sanctions laws and export controls regulations. Compliance with laws and regulations or the enactment of new laws and regulations and changes to existing laws and regulations which impact on the Group and its business activities and operations may result in a risk of reduced revenues and/or increased costs which in turn may adversely impact the Group's operations, results and financial position.

Under applicable laws and regulations, the Group is generally required to seek licenses, permits, authorisations, concessions and other approvals in connection with its activities. There is a risk that necessary permits will not be awarded or renewed at the relevant time or on reasonable terms. Regular permit assessments are required and, if the Group seeks to increase or change its operations, it must in some cases apply for new or amended permits covering the affected operations. Failure to obtain or renew such necessary authorisations could result in the Group being unable to continue or carry out certain desirable operations which, in turn, may adversely impact the Group's operations, results and financial position.

National authorities may withdraw or recall food from the market if it is considered to be injurious to health or unfit for human consumption. Where food presents a serious risk to human health, animal health, or the environment, the European Commission can put in place protective measures and suspend the placing on the market or use of products originating from the EU or suspend imports of products originating from non-EU countries. Should the Group be subject to such protective measures it could impact the Group's possibility to market its products.

The labeling of the Group's products, and their distribution and marketing, is also subject to regulation by governmental authorities in each jurisdiction where its products are marketed, such as, in the EU, under Council Regulation (EC) No 834/2007 on organic production and labelling of organic products and under Directive (EU) 2019/2161 on consumer protection rules, Regulation (EU) No 1169/2011 on the provision of food information to consumers and Regulation (EC) No 1924/2006 on nutrition and health claims made on foods.

Even though the Group's operations at present are deemed to be conducted in accordance with applicable laws and regulations regarding the environment, health and safety, there are risks associated with the Group's operations, linked to the ownership and operation of industrial property, such as the risk of needing to conduct inspections and clean-up measures for previous or current emissions affecting the environment.

Furthermore, Directive (EU) 2019/633 on unfair trading practices (the "**UTP Regulation**") which was to be implemented in member states by 1 May 2021 (and applies to previously existing agreements from 1 November 2021) regulates, amongst other things, the time within which a supplier must be paid from the time of delivery. Given the complexity of a number of the Group's supply arrangements (in line with market practices) there is uncertainty to what extent the UTP Regulations will affect the Group's existing arrangements. This is particularly the case in relation to cross border suppliers as the implementation of the UTP Regulation may differ between jurisdictions.

Progress in the form of more stringent standards in law and regulations of the environment, health and safety, stricter application of these laws and regulations by the authorities, and claims for personal injury or property damage caused by environmental, health or safety shortcomings in the Group's operations or from previous

contamination, may result in financial penalties or fines, or civil or criminal proceedings. Such events may also prevent or limit the Group's operations, any of which may have a materially adverse effect on the Group's business, financial position, results of operations and the Issuer's ability to repay amounts due under the Notes.

Failure to comply with the above-mentioned laws and regulations in any jurisdiction, or to obtain required approvals, could result in fines, as well as a ban or temporary suspension on the production of the Group's products or limit or bar their distribution, and affect development of new products, and thus could materially adversely affect the Group's business and operating results.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be medium.

The Group's operations are influenced by agricultural policies.

The Group is indirectly affected by governmental agricultural policies such as price supports and acreage set aside programmes, and these types of policies may affect the business. The production levels, markets and prices of the grains and other agricultural products and materials used in the business are materially affected by government programmes that include acreage control and price support programmes, including policies of the U.S. Department of Agriculture, the EU's Common Agricultural Policy and similar programmes in other jurisdictions. Changes in these and other comparable programmes could indirectly affect the Group by way of potential supply shortages or unfavourable price level adjustments and could have an adverse effect on the Group's business, financial condition and results of operations.

The Company assesses the likelihood of the above-mentioned risks occurring to be low. If the risks were to occur, the Company considers the potential negative impact to be low.

Risks relating to the nature of the Notes

Structural subordination and insolvency of subsidiaries

The Company is a holding company within the Group and even if the Company's operations include guidance to the Group Companies within strategy, synergies, finance and acquisitions, the cash-generating operations are carried out by the Company's subsidiaries, i.e. the Group Companies. The Company is hence dependent on the receipt of dividends and other contributions from its subsidiaries in order for it to make payments of interest in relation to its debt obligations as well as to finance administrative costs. In the event of insolvency, liquidation or a similar event relating to one of the Company's subsidiaries, all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before the Company – as a shareholder – would be entitled to any payments. Thus, the Notes are structurally subordinated to the liabilities of such subsidiaries. Defaults by, or the insolvency of, certain subsidiaries of the Company may result in the obligation for the Company to make payments under financial or performance guarantees in respect of such subsidiaries' obligations or the occurrence of cross defaults on certain borrowings of the Group. There is a risk that the Company and its assets would not be protected from any actions by the creditors of a subsidiary, whether under bankruptcy law, by contract or otherwise.

The Company assesses the likelihood of the above risks occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Ability to service debt and credit risk

The Company's ability to service its debt under the Notes will depend on the Company's ability to have liquid funds in order to meet its payment obligations, which in turn is largely dependent upon the performance of the Group's operations and its financial position. The Group's financial position is affected by several factors some of which have been mentioned above, such as prevailing economic conditions and financial, business, regulatory and other factors.

If the Group's operating income is not sufficient to service its current or future indebtedness, the Group could be forced to take actions such as reducing or delaying its business activities, acquisitions, investments or capital expenditures, selling assets, restructuring or refinancing its debt or seeking additional equity capital.

An increased credit risk for investors will cause the market to charge the Notes a higher risk premium, which will affect the Notes' secondary market value negatively. Another aspect of the credit risk is that a deteriorating financial position of the Group will reduce the Group's possibility to receive debt financing at the time of the maturity of the Notes (see risk factor "*Refinancing risk*" above). This would in turn negatively affect the Company's ability to repay the Notes and maturity.

The Company assesses the likelihood of the risk of that the Group will not be able to service debt or affect any of these remedies on satisfactory terms, or at all, is low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Interest rate risks and benchmarks

The value of the Notes depends on several factors one of the most significant over time being the level of market interest. The Notes bear interest at a floating rate and the interest rate is hence to a certain extent adjusted for changes in the level of the general interest rate. There is a risk that a continued increase of the general interest rate level will adversely affect the value of the Notes. The general interest level is to a high degree affected by the Swedish and the international development is outside of the Group's control.

The determining of certain interest rate benchmarks, such as STIBOR has been subject to regulatory changes, such as the Benchmark Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds). The benchmark Regulation addresses the provision of benchmarks, the contribution of input data to benchmarks and the use of benchmarks within the European Union. The effect of the Benchmark Regulation cannot yet be fully determined due, among other things, to the limited time period that the regulation has been applicable. However there is a risk that the Benchmark Regulation will affect how certain benchmarks are determined and how they develop in the future. This could, for example, lead to increased volatility regarding some benchmarks. A further potential risk is that increased administrative requirements, and resulting regulatory risk, may discourage stakeholders from participating in the production of benchmarks, or that some benchmarks cease to be provided. If this would happen in respect of a benchmark that is used for the Notes, such as STIBOR, it could potentially have negative effects for Noteholders.

The Company assesses the likelihood of the risk of increased general interest rate levels is high. If the risk were to occur, the Company considers the potential negative impact to be low.

The Company assesses the likelihood of the risk relating to the implementation of the Benchmark Regulation is low. If the risk were to occur, the Company considers the potential negative impact to be low.

Risks related to the sustainability-linked characteristics of the Notes

The Notes are issued in accordance with the Sustainability-Linked Bond Principles 2020 (the "**Sustainability-Linked Bond Principles**") published by the International Capital Markets Association, meaning that certain clauses in the terms and conditions of the Notes (the "**Terms and Conditions**") are connected to the Company's performance in relation to the selected Sustainability Performance Target (as defined in the Terms and Conditions) (the "**SPT**") to be observed and measured at times set out in the Terms and Conditions). Even if the Terms and Conditions provides for that a certain additional premium shall be paid should the Company fail to reach its SPT upon redemption of the Notes, the Notes may not satisfy an investor's requirements or any future legal or quasi-legal standards for investment in assets with sustainability characteristics. In particular, the Notes are not being marketed as "green", "social" or "sustainable" bonds as the net proceeds from the Notes will not be used for such purposes required to fulfil criteria for bonds being marketed as "green", "social" or "sustainable".

Furthermore, the payment of any additional premium payable upon the redemption of the Notes will depend on the Company achieving, or not achieving, the relevant SPTs, which may be insufficient to satisfy or inconsistent

with investors' requirements or expectations. The Company's SPTs are uniquely tailored to the Group's business, operations and capabilities, and do not easily lend itself to benchmarking against similar sustainability performance targets, and the related performance, of other issuers. Due to the SPT being specifically tailored to the Company, it may be difficult for an investor to assess the likelihood of the Company achieving, or not achieving, the SPTs, hence difficult to assess the probability of any additional premium to be paid upon redemption, which in turn could impact future investors' willingness to invest in the Notes and thereby the secondary trading in the Notes.

The Company assesses the likelihood of the Company facing adverse effects relating to the characteristics of the Notes is low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Risks related to any failure to meet the Sustainability Performance Targets

If the SPTs are not met at the times stipulated in the Terms and Conditions, it will result in an increase of premium payable relation to a redemption of Notes, but will not constitute an Event of Default (as defined in the Terms and Conditions) under the Notes. Furthermore, if the Company fails to meet the SPTs during the lifetime of the Notes such failure will not impact the structural characteristics of the Note unless such failure is observed in connection with the full redemption of the Notes, which redemption could be made at the Company's discretion during the lifetime of the Notes. As certain investors may have limitations in respect of their portfolio mandates or be obliged to exclude certain investments due to Environmental, Social and Governance ("ESG") considerations, the Company's failure to meet the SPTs during the lifetime of the Notes may adversely impact investors' prospects of disposing of its Notes and may therefore impact the secondary trading and/or the liquidity in the Notes.

In addition, the failure of the Company to achieve its SPTs would not only result in the Company having to pay an increased premium upon redemption, but could cause the Group having to invest significant resources to reach the SPTs and could also harm the Group's reputation, the consequences of which could, in each case, adversely affect the Group's business, financial position and future prospects.

The Company assesses the likelihood of the Company facing adverse effects relating to the failure of meeting the SPTs is low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Risks relating to the absence of a legal or regulatory definition of what constitutes a "sustainability-linked" or other equivalently labelled finance instruments

There is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "sustainability-linked" or an equivalently labelled financial instrument. Legislative and nongovernmental developments in respect of sustainable finance are continuously evolving, and such legislation, taxonomies (such as the development of Regulation (EU) 2020/852 (Taxonomy Regulation) in respect of a unified classification system in relation to sustainability), standards or other investment criteria or guidelines with which potential investors or its investments are required to comply, whether by any applicable laws or regulations or by its own by-laws or investment portfolio mandates may determine that the Notes do not qualify as investments for such investors. This could in turn lead to that present or future investor expectations or requirements are not met and could have adverse effects on the value of such investors' investment and/or require such investors to dispose of the Notes at the then prevailing market price which could be less favourable.

The Company's Sustainability Linked Notes Framework (as defined in the Terms and Conditions) (the "**Framework**") is aligned with the Sustainability-Linked Bond Principles, which principles however have been developed as voluntary industry guidelines and no legislative measures or supervisory nor regulatory review has been conducted o relation to the Sustainability-Linked Bond Principles.

The Company has appointed the Governance Group AS (the "**Governance Group**") for an independent evaluation of the Company's Framework, which has resulted in a second opinion dated October 2021 (the "**Second Opinion**"). The Governance Group is neither responsible for how the Framework is implemented and followed up by investors, authorities (as applicable) or other stakeholders, nor is the Governance Group responsible for the Company's performance in relation to the SPTs. There is a risk that the suitability or

reliability of any opinions issued by Governance Group or any other third party made available in connection with the issue of Notes or Subsequent Notes (as defined in the Terms and Conditions) are challenged by the Company, a potential investor, the Noteholders, or any third party. Furthermore, the Governance Group is currently not subject to any regulatory regime or oversight and there is a significant risk that such providers will be deemed as not being reliable or objective in the future as the requirements on certification and approval through regulatory regime or oversight may be implemented.

Due to the rapidly changing market conditions for sustainability-linked bonds, there is a risk that current or future investor expectations will not be met which could negatively affect the secondary trading of the Notes. Furthermore, should such market conditions significantly change, there is a risk that a Noteholder cannot trade its Notes at attractive terms, or at all, or that the possession of Notes is connected to reputational damage.

The Company assesses the likelihood of the Company facing adverse effects relating to the labelling of the Notes is low. If the risk were to occur, the Company considers the potential negative impact to be low.

Risks related to the Transaction Security and the Guarantees

Certain Group Companies shall provide guarantees to the Noteholders and the Notes agent securing the Company's obligations under the Notes (the "**Guarantee**"). Furthermore, and as part of the transaction security for the Notes ("**Transaction Security**"), pledges are granted over the shares of certain of the Company's subsidiaries, present and future structural intra-group loans, existing business mortgages of certain Group Companies and any present and future shareholder debt owed by the Company. Such Transaction Security may, in the future, and subject to the terms of the Intercreditor Agreement (as defined below), as provided for in the Terms and Conditions, constitute security under other debt permitted under the Notes such as any Hedging Obligations and any New Debt (both as defined in the Terms and Conditions). Defaults by, or the insolvency of, such subsidiaries of the Group may result in that such security is enforced and may trigger the occurrence of cross defaults in relation to other future borrowings of the Group. This could in turn have a material adverse effect on the Group's results of operation and financial position as well as the Noteholders' recovery under the Notes.

The Terms and Conditions allows the Company, or any other member of the Group to incur debt under certain super senior facilities, including a super senior facility in the original amount of SEK 200,000,000 dated 28 October 2022 (the "**Super Senior Facilities**"). The Transaction Security and Guarantees will be shared between the Noteholders, any Hedge Counterpart (if any), any New Debt Creditor (if any) and any lender under the Super Senior Facilities pursuant to an intercreditor agreement dated 8 November 2022 (the "**Intercreditor Agreement**") (see further risk factor "*Shared security package*" below), which provides for super senior ranking of the Group's obligations under the Super Senior Facilities and the Hedging Obligations. Hence, the Noteholders will receive proceeds from an enforcement of the Transaction Security and the Guarantees only after obligations of certain other Secured Parties (as defined in the Intercreditor Agreement) have been repaid in full.

The Transaction Security may not be enforceable in the event of a default of the Company, or only be enforceable in part, which may limit the recovery of the Noteholders. Moreover, the Transaction Security may be subject to laws protecting debtors and creditors generally, including hardening periods applicable under relevant bankruptcy laws. These restrictions may give an insolvency receiver or other creditors a right to challenge or declare void the Transaction Security. Furthermore, if a subsidiary that has provided a Guarantee or whose shares are pledged in favour of the Secured Parties (as defined in the Intercreditor Agreement), is subject to any foreclosure, dissolution, winding-up, liquidation, recapitalisation, administrative or other bankruptcy or insolvency proceedings, the shares that are subject to such share pledge may have limited value because all of the subsidiary's obligations must first be satisfied. This potentially leaves only little or no remaining payment ability or assets in the subsidiary for the Secured Parties (as defined in the Intercreditor Agreement).

Moreover, if the Company issues additional Notes, the security position of the current Noteholders may be impaired. If the proceeds from an enforcement are not sufficient to repay all amounts due under or in respect of the Notes, then the Noteholders will only have an unsecured claim against the remaining assets (if any).

The Company assesses the likelihood of the above risks occurring is low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Shared security package

As elaborated under risk factor “*Risks related to the Transaction Security and the Guarantees*” above, the Transaction Security and Guarantees may will be shared under the Intercreditor Agreement. The Noteholders (and the other secured creditors) are represented by a security agent in all matters relating to the transaction security (the “**Security Agent**”). The Security Agent will only take enforcement instructions from a requisite majority of the Secured Parties (as defined in the Intercreditor Agreement) and no Secured Party (as defined in the Intercreditor Agreement) may independently accelerate, seek payment and exercise other rights and powers to take enforcement actions. There is a risk that the Security Agent, or anyone appointed by it, does not properly fulfil its obligations in terms of perfecting, maintaining, enforcing or taking other necessary actions in relation to the Transaction Security or the Guarantees. There is also a risk that in case of a consultation period occurring due to conflicting enforcement instructions, actions are not taken in a timely manner, or are taken in a manner that is detrimental to one of the Secured Parties (as defined in the Intercreditor Agreement).

The Company assesses the likelihood of the above risks occurring is low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Risks related to the admission to trading of the Notes

Pursuant to the Terms and Conditions, the Company has undertaken to have the Notes admitted to trading on the sustainable bond list of Nasdaq Stockholm or any other regulated market within twelve (12) months after the first issue date.

There is a risk that the Notes will not be admitted to trading within the stipulated timeframe, or at all, triggering a default under the Terms and Conditions. In such a case, the Noteholders would have the ability to accelerate the Notes and demand repayment. If the Company is unable to fund the repayment then Noteholders may be unable to recover all or any of their original investment.

The Company assesses the likelihood of the Notes failing to be admitted to trading and the Noteholders accelerating the Notes as described above to be low. If the risk were to occur, the Company considers the potential negative impact to be high.

Dependency on subsidiaries

As described in section "*Risk Factors – Structural subordination and insolvency of subsidiaries*", a significant part of the Group's assets and revenues relate to the Guarantors' direct and indirect subsidiaries. The Issuer is therefore dependent upon receipt of sufficient income and cash flow related to the operations of the other companies within the Group to service its debt under the Notes. The transfer of funds to the Issuer from other Group Companies may be restricted or prohibited by legal and contractual requirements applicable to the respective subsidiaries.

Limitations or restrictions on the transfer of funds between companies within the Group may become more restrictive in the event that the Group experiences difficulties with respect to liquidity and its financial position, which may negatively affect the Group's operations, financial position and earnings and in turn the performance of the Issuer under the Notes.

Litigation

As of the date of this Prospectus neither the Issuer, the Guarantors nor the Group is involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware), and has not been for the last 12 months, which may have, or have had in the recent past, significant effects on the Issuer's, the Guarantors' and/or the Group's financial position or profitability.

No Significant Change in the Issuer's, the Guarantors' or the Group's Financial or Trading Position and Trend Information

There has been:

- (i) no significant change in the financial or trading position of the Issuer, the Guarantors or the Group since 31 December 2021;
- (ii) no recent events particular to the Issuer or the Guarantors and which are to a material extent relevant to an evaluation of the Issuer's or the Guarantors' solvency since 31 December 2021;
- (iii) no material adverse change in the financial position or prospects of the Issuer, the Guarantors or the Group since 31 December 2021; and
- (iv) no significant change in the financial performance of the Group since 31 December 2021.

Pursuant to the waterfall provision, the Senior Creditors (as defined therein) (including the Noteholders under the Notes) will only receive proceeds upon enforcement actions (including proceeds received in connection with bankruptcy or other insolvency proceedings or any other Enforcement Action (as defined therein)) after the obligations towards the Security Agent, the Issuing Agent, the Senior Notes Agent and the Super Senior Creditors (including the provider of the Super Senior RCF) (each as defined therein) have been repaid in full. 1.2.1 Unless a contrary indication appears, any reference in these Terms and Conditions to:

- (a) **“assets”** includes present and future properties, revenues and rights of every description;
- (b) any agreement or instrument is a reference to that agreement or instrument as supplemented, amended, novated, extended, restated or replaced from time to time;
- (c) a **“regulation”** includes any law, regulation, rule or official directive, request or guideline (whether or not having the force of law) of any governmental, intergovernmental or supranational body, agency, department or regulatory, self-regulatory or other authority or organisation;
- (d) a provision of regulation is a reference to that provision as amended or re-enacted; and
- (e) a time of day is a reference to Stockholm time.

1.2.2 An Event of Default is continuing if it has not been remedied or waived.

1.2.3 When ascertaining whether a limit or threshold specified in SEK has been attained or broken, an amount in another currency shall be counted on the basis of the rate of exchange for such currency against SEK for the previous Business Day, as published by the Swedish Central Bank (*Riksbanken*) on its website (www.riksbank.se). If no such rate is available, the most recently published rate shall be used instead.

1.2.4 A notice shall be deemed to be sent by way of press release if it is made available to the public within Sweden promptly and in a non-discriminatory manner.

1.2.5 No delay or omission of the Agent or of any Noteholder to exercise any right or remedy under the Finance Documents shall impair or operate as a waiver of any such right or remedy.

1.2.6 The selling restrictions, the privacy notice and any other information contained in this document before the table of contents section do not form part of these Terms and Conditions and may be updated without the consent of the Noteholders and the Agent.

1.3 Conflict of Terms

In case of any conflict of terms between the terms of the Intercreditor Agreement and any other Finance Document, the terms of the Intercreditor Agreement shall prevail.

2. STATUS OF THE NOTES

- 2.1 The Notes are denominated in SEK and each Note is constituted by these Terms and Conditions. The Issuer undertakes to make payments in relation to the Notes and to comply with these Terms and Conditions.
- 2.2 By subscribing for Notes, each initial Noteholder agrees that the Notes shall benefit from and be subject to the Finance Documents and by acquiring Notes, each subsequent Noteholder confirms such agreement.
- 2.3 The initial nominal amount of each Initial Note is SEK 1,250,000 (the “**Initial Nominal Amount**”). The maximum Total Nominal Amount of the Initial Notes as at the First Issue Date is SEK 1,050,000,000. All Initial Notes are issued on a fully paid basis at an issue price of 100.00 per cent. of the Initial Nominal Amount.
- 2.4 Provided that the Financial Indebtedness incurred under the relevant issue of Subsequent Notes constitutes Permitted Debt (for the avoidance of doubt, including that it shall meet the Incurrence Test), the Issuer may, on one or several occasions, issue Subsequent Notes. Subsequent Notes shall benefit from and be subject to the Finance Documents, and, for the avoidance of doubt, the ISIN, the interest rate, the currency, the nominal amount and the final maturity applicable to the Initial Notes shall apply to Subsequent Notes. The issue price of the Subsequent Notes may be set at the Nominal Amount, a discount or a premium compared to the Nominal Amount. The maximum Total Nominal Amount of the Notes (the Initial Notes and all Subsequent Notes) may not exceed SEK 1,300,000,000 unless a consent from the Noteholders is obtained in accordance with Clause 18.4.2(a). Each Subsequent Note shall entitle its holder to Interest in accordance with Clause 10.1, and otherwise have the same rights as the Initial Notes.
- 2.5 The Notes constitute direct, general, unconditional and secured obligations of the Issuer and shall at all times rank (i) behind the Super Senior RCF Debt and the Hedging Obligations pursuant to the terms of the Intercreditor Agreement, (ii) *pari passu* without any preference among them, and (iii) at least *pari passu* with all other direct, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory law and except as otherwise provided in the Finance Documents. The Notes are secured as described in Clause 12 (*Transaction Security*) and as further specified in the Security Documents.
- 2.6 Subject to Clause 2.7 below, the Notes are freely transferable but the Noteholders may be subject to purchase or transfer restrictions with regard to the Notes, as applicable from time to time under local laws to which a Noteholder may be subject (due to, e.g., its nationality, its residency, its registered address or its place(s) of business). Each Noteholder must ensure compliance with local laws and regulations applicable at its own cost and expense.
- 2.7 No action is being taken in any jurisdiction that would or is intended to permit a public offering of the Notes or the possession, circulation or distribution of any document or other material relating to the Issuer or the Notes in any jurisdiction other than Sweden, where action for that purpose is required and as such the Notes have not been and will not be registered, and may be restricted, in United States, Australia, Japan, Canada, or in any other country where the offering, sale and delivery of the Note may be restricted by law. Each Noteholder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Notes.

3. USE OF PROCEEDS

- 3.1 The Net Proceeds from the Initial Notes shall initially be deposited on the Escrow Account pending application in accordance with Clause 3.2 below.
- 3.2 Upon release from the Escrow Account, the amount standing to the credit of the Escrow Account shall be applied by the Group towards:

- (a) refinancing in full of the Existing Financing;
 - (b) general corporate purposes, including *inter alia* investments, and acquisitions; and
 - (c) payment of Transactions Costs.
- 3.3 The Net Proceeds from any Subsequent Note issue shall be applied by the Group towards general corporate purposes, including *inter alia* investments and acquisitions and payment of Transactions Costs.
- 3.4 Notwithstanding Clauses 3.2 and 3.3, the Net Proceeds deposited in the Escrow Account shall in the case of a Conditions Precedent Failure be applied by the Agent in accordance with Clause 5.5.

The relevant Issue Date shall not occur (i) unless the Agent makes such confirmation to the Issuing Agent no later than one (1) Business Day prior to the relevant Issue Date (or later, if the Issuing Agent so agrees), or (ii) if the Issuing Agent and the Issuer agree to postpone the relevant Issue Date.
- 4.4 The Agent does not review the documents and evidence referred to in Clause 4.1 and 4.2 (as applicable) from a legal or commercial perspective of the Noteholders. The Agent may assume that the documentation delivered to it pursuant to Clause 4.1 and 4.2 (as applicable) are accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation.

- 4.5 Following receipt by the Issuing Agent of the confirmation in accordance with Clause 4.3, the Issuing Agent shall settle the issuance of the Initial Notes and pay the Net Proceeds into the Escrow Account on the First Issue Date. Following receipt by the Issuing Agent of the confirmation in accordance with Clause 4.3, the Issuing Agent shall settle the issuance of any Subsequent Notes and pay the Net Proceeds to the Issuer on the relevant Issue Date.

5. ESCROW OF PROCEEDS

- 5.1 The Net Proceeds from the Initial Notes shall be transferred by the Issuing Agent to the Escrow Account following fulfilment in accordance with Clause 4.5 above.
- 5.2 The Agent shall instruct the Escrow Bank to promptly transfer the funds standing to the credit on the Escrow Account to the account designated by the Security Agent and the Issuer in writing, and in conjunction therewith release the Security over the Escrow Account, when the Agent is satisfied (acting reasonably) that it has received the following:

 - (g) a legal opinion prepared by the legal counsel of the Joint Bookrunners and/or the Secured Parties as to matters of any Finance Documents not governed by Swedish law; and
 - (h) such other documents and information as is agreed between the Agent and the Issuer.
- 5.3 The conditions precedent for disbursement set out above may be made subject to a closing procedure (the “**Closing Procedure**”) agreed between the Agent, the Security Agent, the Issuer and the SSRCF Agent where the parties may agree that certain pre-disbursement conditions are to be delivered prior to or in connection with the release of funds from the Escrow Account in accordance with the funds flow. Perfection of the Transaction Security (except for under the Escrow Account Pledge Agreement) shall be established as soon as possible in accordance with the terms of the Closing Procedure on or after the first release of funds from the Escrow Account, meaning that any documents to be registered may be

filed for registration on the date of disbursement of the net proceeds of the Note Issue from the Escrow Account.

- 5.4 The Agent may assume that any conditions precedent delivered to it in connection with Clause 5.2 are accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation. The Agent does not review the documents and evidence referred to above from a legal or commercial perspective of the Noteholders.
- 5.5 If the Agent determines that it has not received the conditions precedent set out in Clause 5.2 on or before the Business Day falling 30 Business Days after the First Issue Date to the satisfaction of the Agent (acting reasonably) and the Agent has not amended or waived such conditions in accordance with Clause 19 (*Amendments and waivers*) (a “**Conditions Precedent Failure**”), the Issuer shall redeem all, but not some only, of the outstanding Notes in full at a price equal to one hundred one (101) per cent. of the Nominal Amount, together with accrued but unpaid interest (a “**Special Mandatory Redemption**”). The Agent may use the whole or any part of the amounts standing to the credit on the Escrow Account to fund such Special Mandatory Redemption and any other amounts due under the Finance Documents. Any shortfall shall be covered by the Issuer.
- 5.6 A Special Mandatory Redemption shall be made by the Issuer giving notice to the Noteholders and the Agent promptly following the date when the Special Mandatory Redemption is triggered pursuant to Clause 5.5. The Issuer shall redeem the Notes in full at the applicable amount on a date specified in the notice from the Issuer, such date to fall no later than ten (10) Business Days after the effective date of the notice. The notice shall specify the Record Date for the redemption.

6. CONDITIONS SUBSEQUENT

- 6.1 The Issuer shall ensure that the following documents in form and substance satisfactory to the Agent (acting reasonably) are received by the Agent no later than ten (10) Business Days from the disbursement of the Net Proceeds from the Escrow Account (the “**Accession Date**”):
- (a) copies of the constitutional documents for each Initial Guarantor and the immediate holding company of each such Initial Guarantor;
 - (b) copies of necessary corporate resolutions (including authorisations) of each Initial Guarantor and the immediate holding company of such Initial Guarantor;
 - (c) a duly executed copy of the Guarantee Agreement;
 - (d) accession letters/agreements in relation to the Intercreditor Agreement where each Initial Guarantor agrees to become an ICA Group Company (as defined in the Intercreditor Agreement) under the Intercreditor Agreement, duly executed by the Issuer, the Parent and each Initial Guarantor;
 - (e) the following Security Documents duly executed by the parties thereto and evidence that the security interests thereunder have been, or will be, duly perfected and that all documents, required to be delivered thereunder, have been delivered, in accordance with the terms of the relevant Security Document:
 - (i) a share pledge agreement over all shares in each of the Initial Guarantors;
 - (ii) a pledge agreement in respect of all present and future Structural Intra-Group Loans by the Initial Guarantors (except the Issuer); and
 - (iii) pledges over any existing business mortgages of the Initial Guarantors; and

- (f) a legal opinion prepared by the legal counsel of the Joint Bookrunners and/or the Secured Parties as to matters of any Finance Documents not governed by Swedish law.

6.2 The Agent may assume that the documentation and evidence delivered to it pursuant to Clause 6.1 is accurate, legally valid, enforceable, correct and true unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation or evidence. The Agent does not have any obligation to review the documentation and evidence set out in this Clause 6 from a legal or commercial perspective on behalf of the Noteholders.

7. NOTES IN BOOK-ENTRY FORM

7.1 The Notes will be registered for the Noteholders on their respective Securities Accounts and no physical notes will be issued. Accordingly, the Notes will be registered in accordance with the Financial Instruments Accounts Act. Registration requests relating to the Notes shall be directed to an Account Operator. The Debt Register shall constitute conclusive evidence of the persons who are Noteholders and their holdings of Notes.

7.2 Those who according to assignment, Security, the provisions of the Swedish Children and Parents Code (*föräldrabalken (1949:381)*), conditions of will or deed of gift or otherwise have acquired a right to receive payments in respect of a Note shall register their entitlements to receive payment in accordance with the Financial Instruments Accounts Act.

7.3 The Issuer and the Agent shall at all times be entitled to obtain information from the Debt Register. At the request of the Agent, the Issuer shall promptly obtain such information and provide it to the Agent. For the purpose of carrying out any administrative procedure that arises out of the Finance Documents, the Issuing Agent shall be entitled to obtain information from the Debt Register.

7.4 The Issuer shall issue any necessary power of attorney to such persons employed by the Agent, as notified by the Agent, in order for such individuals to independently obtain information directly from the Debt Register. The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Noteholders.

7.5 The Issuer (and the Agent when permitted under the CSD's applicable regulations) may use the information referred to in Clause 7.3 only for the purposes of carrying out their duties and exercising their rights in accordance with the Finance Documents and the Agency Agreement and shall not disclose such information to any Noteholder or third party unless necessary for such purposes.

8. RIGHT TO ACT ON BEHALF OF A NOTEHOLDER

8.1 If any person other than a Noteholder wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other authorisation from the Noteholder or a successive, coherent chain of powers of attorney or authorisations starting with the Noteholder and authorising such person.

8.2 A Noteholder may issue one or several powers of attorney or other authorisations to third parties to represent it in relation to some or all of the Notes held by it. Any such representative may act independently under the Finance Documents in relation to the Notes for which such representative is entitled to represent the Noteholder.

8.3 The Agent shall only have to examine the face of a power of attorney or other authorisation that has been provided to it pursuant to Clauses 8.1 and 8.2 and may assume that such document has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face or the Agent has actual knowledge to the contrary.

8.4 These Terms and Conditions shall not affect the relationship between a Noteholder who is the nominee (*förvaltare*) with respect to a Note and the owner of such Note, and it is the responsibility of such nominee to observe and comply with any restrictions that may apply to it in this capacity.

9. PAYMENTS IN RESPECT OF THE NOTES

- 9.1 Any payment or repayment under the Finance Documents shall be made to such person who is registered as a Noteholder on the Record Date prior to an Interest Payment Date or other relevant payment date, or to such other person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.
- 9.2 If a Noteholder has registered, through an Account Operator, that principal, interest or any other payment shall be deposited in a certain bank account, such deposits will be effected by the CSD on the relevant payment date. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effect payments as aforesaid, the Issuer shall procure that such amounts are paid to the persons who are registered as Noteholders as soon as possible after such obstacle has been removed.
- 9.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 10.4 during such postponement.
- 9.4 If payment or repayment is made in accordance with this Clause 9, the Issuer and the CSD shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a person not entitled to receive such amount.
- 9.5 The Issuer shall pay any stamp duty and other public fees accruing in connection with the issue of Initial Notes or Subsequent Notes, but not in respect of trading in the secondary market (except to the extent required by applicable law), and shall deduct at source any applicable withholding tax payable pursuant to law. The Issuer is not liable to gross-up any payments under the Finance Documents by virtue of any withholding tax, public levy or the similar.

10. INTEREST

- 10.1 Each Initial Note carries Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the First Issue Date up to (and including) the relevant Redemption Date. Any Subsequent Note will carry Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the Interest Payment Date falling immediately prior to its issuance (or the First Issue Date if there is no such Interest Payment Date) up to (and including) the relevant Redemption Date.
- 10.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Notes shall be made to the Noteholders on each Interest Payment Date for the preceding Interest Period.
- 10.3 Interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).
- 10.4 If the Issuer fails to pay any amount due under the Terms and Conditions, the Issuer shall pay default interest on such amount at a rate corresponding to the Interest Rate plus 200 basis points from (but excluding) the date such payment was due up to (and including) the date of actual payment. Accrued default interest shall not be capitalised. No default interest shall be payable by the Issuer when the failure to pay is solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.
- 10.5 Pursuant to the terms of the Intercreditor Agreement, following the occurrence of a Super Senior Payment Block Event and for as long as it is continuing, no payment of Interest or principal in respect of the Notes shall be made to the Noteholders. For the avoidance of doubt, the Notes will carry default interest pursuant to Clause 10.4 during such period.

11. REDEMPTION AND REPURCHASE OF THE NOTES

11.1 Redemption at maturity

- (a) On the Final Maturity Date, the Issuer shall redeem all, but not some only, of the outstanding Notes in full with an amount per Note equal to one hundred (100) per cent. of the Nominal Amount together with accrued but unpaid interest. If the Final Maturity Date is not a Business Day, then the redemption shall occur on the first following Business Day.
- (b) If the Issuer does not within one (1) month prior to the Final Maturity Date deliver written evidence to the Agent that the Sustainability Performance Targets have been met, as confirmed by the External Verifier, the Issuer shall redeem all, but not some only, of the outstanding Notes in full with an amount per Note equal to one hundred and one (101.00) per cent. of the Nominal Amount together with accrued but unpaid interest.

11.2 **Purchase of Notes by any Group Company**

Each Group Company may, subject to applicable law, at any time and at any price purchase Notes on the market or in any other way. Notes held by a Group Company may at such Group Company's discretion be retained or sold. Notes purchased by any Group Company may not be cancelled, except in connection with a full redemption of the Notes.

11.3 **Voluntary total redemption (call option)**

11.3.1 The Issuer may redeem all, but not some only, of the outstanding Notes in full, as follows (the “**Call Option**”):

- (a) any time from and including the First Issue Date to, but excluding, the First Call Date at an amount per Note equal to the present value of the sum of (i) 103.50 per cent. of the Nominal Amount, together with accrued but unpaid interest, and (ii) the remaining interest payments (assuming the same STIBOR as applied to the Notes as of the relevant call date) to, but excluding, the First Call Date;
- (b) any time from and including the First Call Date to, but excluding, the first Business Day falling thirty (30) months after the First Issue Date at an amount per Note equal to 103.50 per cent. of the Nominal Amount, together with accrued but unpaid interest;
- (c) any time from and including the first Business Day falling thirty (30) months after the First Issue Date to, but excluding, the first Business Day falling thirty-six (36) months after the First Issue Date at an amount per Note equal to 102.31 per cent. of the Nominal Amount, together with accrued but unpaid interest;
- (d) any time from and including the first Business Day falling thirty-six (36) months after the First Issue Date, to, but excluding, the first Business Day falling forty-two (42) months after the First Issue Date at an amount per Note equal to 101.75 per cent. of the Nominal Amount, together with accrued but unpaid interest;
- (e) any time from and including the first Business Day falling forty-two (42) months after the First Issue Date, to, but excluding, the first Business Day falling forty-five (45) months after the First Issue Date at an amount per Note equal to 100.70 per cent. of the Nominal Amount, together with accrued but unpaid interest; and
- (f) any time from and including the first Business Day falling forty-five (45) months after the First Issue Date, to, but excluding, the Final Maturity Date at an amount per Note equal to 100.35 per cent. of the Nominal Amount, together with accrued but unpaid interest.

11.3.2 The present value referred to in paragraph 11.3.1(a) above shall be calculated by using a discount rate of 0.5 per cent. per annum and where the Interest Rate applied for the remaining interest payments until the First Call Date shall be the applicable interest rate on the repayment date relating to the Call Option.

11.3.3 If the Issuer does not within one (1) month prior to a Call Option Redemption Date deliver written evidence to the Agent that the Sustainability Performance Targets Milestones relating to the

immediately preceding Reference Year have been reached, as confirmed by the External Verifier, the amount payable under paragraphs 11.3.1(a) to 11.3.1(f) above will be increased by an amount corresponding to one (1.00) per cent. of the Nominal Amount of the Notes redeemed.

11.3.4 Redemption in connection with the exercise of the Call Option shall be made by the Issuer giving not less than ten (10) Business Days' notice to the Noteholders and the Agent. Any such notice shall state the redemption date, the relevant record date and whether or not the Sustainability Performance Targets Milestones relating to the immediately preceding Reference Year have been reached together with the applicable redemption amount. Such notice is irrevocable but may, at the Issuer's discretion, contain one or more conditions precedent that shall be fulfilled or waived prior to the record date. Upon expiry of such notice and the fulfilment or waiver of the conditions precedent (if any), the Issuer shall redeem the Notes in full at the applicable amount on the specified redemption date.

11.4 Voluntary partial redemption due to Equity Listing Event (call option)

11.4.1 The Issuer may on one or more occasions in connection with an Equity Listing Event, redeem in part up to thirty-five (35) per cent. of the total aggregate Nominal Amount of the Notes outstanding from time to time at an amount equal to 103.50 per cent. of the Nominal Amount of the Notes redeemed, together with any accrued but unpaid interest on the redeemed amount.

11.4.2 Partial redemption shall be applied *pro rata* (rounded down to the nearest SEK 1) between the Noteholders in accordance with procedures of the CSD.

11.4.3 The redemption must occur on an Interest Payment Date within 180 days after such Equity Listing Event and be made with funds in an aggregate amount not exceeding the cash proceeds received by the Issuer as a result of such offering (net of fees, charges and commissions actually incurred in connection with such offering and net of taxes paid or payable as a result of such offering).

11.4.4 A partial redemption in accordance with this Clause 11.4 shall be made by the Issuer giving not less than ten (10) Business Days' notice to the Noteholders and the Agent, in each case calculated from the effective date of the notice. The notice from the Issuer is irrevocable, shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date.

11.5 Early redemption due to illegality (call option)

11.5.1 The Issuer may redeem all, but not some only, of the outstanding Notes at an amount per Note equal to one hundred (100) per cent. of the Nominal Amount, together with accrued but unpaid Interest on a date determined by the Issuer if it is or becomes unlawful for the Issuer to perform its obligations under the Finance Documents.

11.5.2 The Issuer may give notice of redemption pursuant to Clause 11.5.1 no later than twenty (20) Business Days after having received actual knowledge of any event specified therein (after which time period such right shall lapse). The notice from the Issuer is irrevocable, shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date. The Issuer shall redeem the Notes in full at the applicable amount on the specified Redemption Date.

11.6 Mandatory repurchase due to a Change of Control Event or a Listing Failure Event (put option)

11.6.1 Upon the occurrence of a Change of Control Event or a Listing Failure Event, each Noteholder shall during a period of twenty (20) Business Days from the effective date of a notice from the Issuer of the Change of Control Event or Listing Failure Event, as the case may be, pursuant to Clause 13.1.6 (after which time period such right shall lapse), have the right to request that all, or some only, of its Notes be repurchased at a price per Note equal to one hundred one (101) per cent. of the Nominal Amount together with accrued but unpaid Interest. However, such period may not start earlier than upon the occurrence of the Change of Control Event or the Listing Failure Event, as the case may be.

- 11.6.2 The notice from the Issuer pursuant to Clause 13.1.6 shall specify the period during which the right pursuant to Clause 11.6.1 may be exercised, the Redemption Date and include instructions about the actions that a Noteholder needs to take if it wants Notes held by it to be repurchased. If a Noteholder has so requested, and acted in accordance with the instructions in the notice from the Issuer, the Issuer shall repurchase the relevant Notes and the repurchase amount shall fall due on the Redemption Date specified in the notice given by the Issuer pursuant to Clause 13.1.6. The Redemption Date must fall no later than forty (40) Business Days after the end of the period referred to in Clause 11.6.1.
- 11.6.3 The Issuer shall comply with the requirements of any applicable securities laws or regulations in connection with the repurchase of Notes. To the extent that the provisions of such laws or regulations conflict with the provisions in this Clause 11.6, the Issuer shall comply with the applicable securities laws or regulations and will not be deemed to have breached its obligations under this Clause 11.6 by virtue of the conflict.
- 11.6.4 Any Notes repurchased by the Issuer pursuant to this Clause 11.6 may at the Issuer's discretion be retained or sold. Notes repurchased by the Issuer may not be cancelled, except in connection with a full redemption of the Notes.
- 11.6.5 The Issuer shall not be required to repurchase any Notes pursuant to this Clause 11.6, if a third party in connection with the occurrence of a Change of Control Event or a Listing Failure Event offers to purchase the Notes in the manner and on the terms set out in this Clause 11.6 (or on terms more favourable to the Noteholders) and purchases all Notes validly tendered in accordance with such offer. If Notes tendered are not purchased within the time limits stipulated in this Clause 11.6, the Issuer shall repurchase any such Notes within five (5) Business Days after the expiry of the time limit.
- 11.7 **Restrictions on repurchase or redemption upon a Super Senior Payment Block Event**
- No repurchases or redemption of Notes may be made by the Issuer or any other Group Company for as long as a Super Senior Payment Block Event is continuing. For the avoidance of doubt, the failure by the Issuer to timely repurchase or redeem the Notes shall constitute an Event of Default and the unpaid amount shall carry default interest pursuant to Clause 10.4 during such period.

12. TRANSACTION SECURITY AND GUARANTEES

- 12.1 Subject to the Intercreditor Agreement and the Agreed Security Principles, as continuing Security for the due and punctual fulfilment of the Secured Obligations, the following initial Transaction Security is granted to the Secured Parties (as represented by the Security Agent) under the Security Documents:

The Security Document whereby Transaction Security is created over Structural Intra-Group Loans will allow payments of interest and, unless it may impair the perfection of the relevant Transaction Security, principal until the occurrence of an Acceleration Event (as defined in the Intercreditor Agreement), unless otherwise agreed under the Intercreditor Agreement.
- 12.3 Subject to the Agreed Security Principles, the Issuer shall procure that the shares in any Guarantor, are made subject to Transaction Security immediately upon the Guarantor acceding to the Guarantee Agreement and the Intercreditor Agreement.

- 17.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Notes or the enforcement of the Transaction Security or Guarantees constitute escrow funds (*redovisningsmedel*) and must be promptly turned over to the Security Agent to be applied in accordance with the Intercreditor Agreement.

18. DECISIONS BY NOTEHOLDERS

18.1 Request for a decision

- 18.1.1 A request by the Agent for a decision by the Noteholders on a matter relating to the Finance Documents shall (at the option of the Agent) be dealt with at a Noteholders' Meeting or by way of a Written Procedure.
- 18.1.2 Any request from the Issuer or a Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Noteholders, be made by them jointly) for a decision by the Noteholders on a matter relating to the Finance Documents shall be directed to the Agent and dealt with at a Noteholders' Meeting or by way a Written Procedure, as determined by the Agent. The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.
- 18.1.3 The Agent may refrain from convening a Noteholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any person in addition to the Noteholders and such person

has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable regulations.

- 18.1.4 The Agent shall not be responsible for the content of a notice for a Noteholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 18.1.5 Should the Agent not convene a Noteholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 18.1.3 being applicable, the Issuer or the Noteholder(s) requesting a decision by the Noteholders may convene such Noteholders' Meeting or instigate such Written Procedure, as the case may be, instead. The Issuing Agent shall upon request provide the convening Noteholder(s) with the information available in the Debt Register in order to convene and hold the Noteholders' Meeting or instigate and carry out the Written Procedure, as the case may be. The Issuer or Noteholder(s), as applicable, shall supply to the Agent a copy of the dispatched notice or communication.
- 18.1.6 Should the Issuer want to replace the Agent, it may (i) convene a Noteholders' Meeting in accordance with Clause 18.2 (*Convening of Noteholders' Meeting*) or (ii) instigate a Written Procedure by sending communication in accordance with Clause 18.3 (*Instigation of Written Procedure*). After a request from the Noteholders pursuant to Clause 21.4.3, the Issuer shall no later than ten (10) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Noteholders' Meeting in accordance with Clause 18.2. The Issuer shall inform the Agent before a notice for a Noteholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.
- 18.1.7 Should the Issuer or any Noteholder(s) convene a Noteholders' Meeting or instigate a Written Procedure pursuant to Clause 18.1.5 or 18.1.6, then the Agent shall no later than five (5) Business Days' prior to dispatch of such notice or communication be provided with a draft thereof. The Agent may further append information from it together with the notice or communication, provided that the Agent supplies such information to the Issuer or the Noteholder(s), as the case may be, no later than one (1) Business Day prior to the dispatch of such notice or communication.

18.2 Convening of Noteholders' Meeting

- 18.2.1 The Agent shall convene a Noteholders' Meeting by way of notice to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete notice from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).
- 18.2.2 The notice pursuant to Clause 18.2.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights, (iv) a form of power of attorney, and (v) the agenda for the meeting. The reasons for, and contents of, each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment must always be set out in detail. Should prior notification by the Noteholders be required in order to attend the Noteholders' Meeting, such requirement shall be included in the notice.
- 18.2.3 The Noteholders' Meeting shall be held no earlier than ten (10) Business Days and no later than thirty (30) Business Days after the effective date of the notice.
- 18.2.4 At a Noteholders' Meeting, the Issuer, the Noteholders (or the Noteholders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Noteholders' Meeting. The Noteholders' Meeting may decide that further individuals

may attend. If a representative/proxy shall attend the Noteholders' Meeting instead of the Noteholder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Noteholder.

- 18.2.5 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Noteholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Noteholders to vote without attending the meeting in person.

18.3 **Instigation of Written Procedure**

- 18.3.1 The Agent shall instigate a Written Procedure by way of sending a communication to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete communication from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).

- 18.3.2 A communication pursuant to Clause 18.3.1 shall include (i) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights, (ii) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (iii) the stipulated time period within which the Noteholder must reply to the request (such time period to last at least ten (10) Business Days and not longer than thirty (30) Business Days from the effective date of the communication pursuant to Clause 18.3.1). The reasons for, and contents of, each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment must always be set out in detail. If the voting is to be made electronically, instructions for such voting shall be included in the communication.

- 18.3.3 If so elected by the person requesting the Written Procedure and provided that it is also disclosed in the communication pursuant to Clause 18.3.1, when consents from Noteholders representing the requisite majority of the total Adjusted Nominal Amount pursuant to Clauses 18.4.2 and 18.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 18.4.2 or 18.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

18.4 **Majority, quorum and other provisions**

- 18.4.1 Only a Noteholder, or a person who has been provided with a power of attorney or other authorisation pursuant to Clause 8 (*Right to act on behalf of a Noteholder*) from a Noteholder:

- (a) on the Business Day specified in the notice pursuant to Clause 18.2.2, in respect of a Noteholders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 18.3.2, in respect of a Written Procedure,

may exercise voting rights as a Noteholder at such Noteholders' Meeting or in such Written Procedure, provided that the relevant Notes are included in the Adjusted Nominal Amount. Each whole Note entitles to one vote and any fraction of a Note voted for by a person shall be disregarded. Such Business Day specified pursuant to paragraph (a) or (b) above must fall no earlier than one (1) Business Day after the effective date of the notice or communication, as the case may be.

- 18.4.2 The following matters shall require the consent of Noteholders representing at least sixty-six and two thirds (66⅔) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a

Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 18.3.2:

- (a) the issue of any Subsequent Notes, if the total nominal amount of the Notes exceeds, or if such issue would cause the total nominal amount of the Notes to at any time exceed, SEK 1,300,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Notes are issued);
- (b) a change to the terms of any of Clause 2.1 and Clauses 2.5 to 2.7;
- (c) a reduction of the premium payable upon the redemption or repurchase of any Note pursuant to Clause 11 (*Redemption and repurchase of the Notes*);
- (d) a change to the Interest Rate (other than as a result of an application of Clause 20 (*Replacement of Base Rate*)) or the Nominal Amount (other than as a result of an application of Clause 11.4 (*Voluntary partial redemption due to Equity Listing Event (call option)*));
- (e) a change to the terms for the distribution of proceeds set out in Clause 17 (*Distribution of Proceeds*);
- (f) a change to the terms dealing with the requirements for Noteholders' consent set out in this Clause 18.4 (*Majority, quorum and other provisions*);
- (g) a change of issuer, an extension of the tenor of the Notes or any delay of the due date for payment of any principal or interest on the Notes;
- (h) a release of the Transaction Security or Guarantees, except in accordance with the terms of the Finance Documents;
- (i) a mandatory exchange of the Notes for other securities; and
- (j) early redemption of the Notes, other than upon an acceleration of the Notes pursuant to Clause 16 (*Acceleration of the Notes*) or as otherwise permitted or required by these Terms and Conditions.

18.4.3 Any matter not covered by Clause 18.4.2 shall require the consent of Noteholders representing more than fifty (50.00) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 18.3.2. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 19.1(a) or (c)), an acceleration of the Notes, or the enforcement of any Transaction Security or Guarantees.

18.4.4 Quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 18.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:

- (a) if at a Noteholders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to Clause 18.2.5 (or appear through duly authorised representatives); or
- (b) if in respect of a Written Procedure, reply to the request.

18.4.5 If a quorum exists for some but not all of the matters to be dealt with at a Noteholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.

18.4.6 If a quorum does not exist at a Noteholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Noteholders' Meeting (in accordance with Clause 18.2.1) or initiate a second Written Procedure (in accordance with Clause 18.3.1), as the case may be, provided that the

person(s) who initiated the procedure for Noteholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Noteholders' Meeting or second Written Procedure pursuant to this Clause 18.4.6, the date of request of the second Noteholders' Meeting pursuant to Clause 18.2.1 or second Written Procedure pursuant to Clause 18.3.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 18.4.4 shall not apply to such second Noteholders' Meeting or Written Procedure.

- 18.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 18.4.8 A Noteholder holding more than one Note need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 18.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Noteholders that consent at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 18.4.10 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause the Issuer or the other Noteholders.
- 18.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 18.4.12 If a decision is to be taken by the Noteholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or (to the knowledge of the Issuer) Affiliates as per the Record Date for voting, irrespective of whether such person is a Noteholder. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Note is owned by a Group Company or an Affiliate.
- 18.4.13 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to each person registered as a Noteholder on the date referred to in Clause 18.4.1(a) or 18.4.1(b), as the case may be, and also be published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.

19. AMENDMENTS AND WAIVERS

- 19.1 The Issuer, any other relevant Group Company and the Agent (acting on behalf of the Noteholders) may agree in writing to amend and waive any provision in a Finance Document or any other document relating to the Notes, provided that the Agent is satisfied that such amendment or waiver:
 - (a) is not detrimental to the interest of the Noteholders as a group;
 - (b) is made solely for the purpose of rectifying obvious errors and mistakes;
 - (c) is required by any applicable regulation, a court ruling or a decision by a relevant authority;

- (d) has been duly approved by the Noteholders in accordance with Clause 18 (*Decisions by Noteholders*) and it has received any conditions precedent specified for the effectiveness of the approval by the Noteholders; or
- (e) is made pursuant to Clause 20 (*Replacement of Base Rate*).

- 19.2 The Issuer and the Agent (acting on behalf of the Noteholders) may agree in writing to amend the Finance Documents or waive any provision in the Finance Documents, provided that the Agent is satisfied that such amendment or waiver is made in order to comply with regulation (EU) 2020/852 including any delegated acts adopted from time to time (as supplemented, amended and/or restated) or requirements of any generally adopted guidelines for sustainability linked bonds, including ICMA's Sustainability-Linked Bond Principles.
- 19.3 Any amendments to the Finance Documents shall be made available in the manner stipulated in Clause 13.4 (*Availability of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority. The Issuer shall promptly publish by way of press release any amendment or waiver made pursuant to Clause 19.1(a) or (c), in each case setting out the amendment in reasonable detail and the date from which the amendment or waiver will be effective.
- 19.4 An amendment to the Finance Documents shall take effect on the date determined by the Noteholders Meeting, in the Written Procedure or by the Agent, as the case may be.

20. REPLACEMENT OF BASE RATE

20.1 General

- 20.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Noteholders in accordance with the provisions of this Clause 20 shall at all times be made by such Independent Adviser, the Issuer or the Noteholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.
- 20.1.2 If a Base Rate Event has occurred, this Clause 20 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

20.2 Definitions

In this Clause 20:

“Adjustment Spread” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to minimise any transfer of economic value from one party to another as a result of a replacement of the Base Rate.

“Base Rate Amendments” has the meaning set forth in Clause 20.3.4.

“Base Rate Event” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;

- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;
- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Noteholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period); or
- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*), or in respect of STIBOR, from the equivalent entity with insolvency or resolution powers over the Base Rate Administrator, containing the information referred to in (b) above.

“Base Rate Event Announcement” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“Independent Adviser” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“Relevant Nominating Body” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“Successor Base Rate” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of Notes, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply *mutatis mutandis* to such new Successor Base Rate.

20.3 Determination of Base Rate, Adjustment Spread and Base Rate Amendments

20.3.1 Without prejudice to Clause 20.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining and calculating the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 20.3.2.

20.3.2 If (i) a Base Rate Event has occurred or (ii) a Base Rate Event Announcement has been made and the announced Base Rate Event will occur within six (6) months, the Issuer shall use all commercially

reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining and calculating the applicable Base Rate.

- 20.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 20.3.2, the Noteholders shall, if so decided at a Noteholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 20.3.2.
- 20.3.4 The Independent Adviser shall also determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 20.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been determined no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, taking into account any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

20.4 **Interim measures**

- 20.4.1 If a Base Rate Event has occurred but no Successor Base Rate and Adjustment Spread have been determined prior to the relevant Quotation Day in relation to the next succeeding Interest Period, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
 - (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.
- 20.4.2 For the avoidance of doubt, Clause 20.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 20.

20.5 **Notices**

The Issuer shall promptly following the determination by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments give notice thereof to the Agent, the Issuing Agent and the Noteholders in accordance with Clause 26 (*Communications and Press Releases*) and the CSD. The notice shall also include the time when the amendments will become effective.

20.6 **Variation upon replacement of Base Rate**

- 20.6.1 No later than giving the Agent notice pursuant to Clause 20.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and a duly authorised signatory of the Issuer confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined in accordance with the provisions of this Clause 20. The Successor Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any determination, be binding on the Issuer, the Agent, the Issuing Agent and the Noteholders.
- 20.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 20.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of

the Noteholders, without undue delay effect such amendments to the Terms and Conditions as may be required by the Issuer in order to give effect to this Clause 20.

- 20.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 20. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Terms and Conditions.

20.7 **Limitation of liability for the Independent Adviser**

Any Independent Adviser appointed pursuant to Clause 20.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with the Terms and Conditions, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

21. **THE AGENT**

21.1 **Appointment of the Agent**

21.1.1 By subscribing for Notes, each initial Noteholder:

- (a) appoints the Agent to act as its agent in all matters relating to the Notes and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder, including the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of the Issuer and any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security or a Guarantee; and
- (b) confirms the appointment under the Intercreditor Agreement of the Security Agent to act as its agent in all matters relating to the Transaction Security, the Security Documents, the Guarantees and the Guarantee Agreement, including any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security or a Guarantee and acknowledges and agrees that the rights, obligations, role of and limitation of liability for the Security Agent is further regulated in the Intercreditor Agreement.

21.1.2 By acquiring Notes, each subsequent Noteholder confirms the appointment and authorisation for the Agent and the Security Agent to act on its behalf, as set forth in Clause 21.1.1.

21.1.3 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Noteholder which does not comply with such request.

21.1.4 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.

21.1.5 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.

21.1.6 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

21.2 Duties of the Agent

21.2.1 The Agent shall represent the Noteholders in accordance with the Finance Documents and, in its capacity as Security Agent, hold the Transaction Security pursuant to the Security Documents on behalf of the Noteholders and, where relevant, enforcing the Transaction Security and Guarantees on behalf of the Noteholders.

21.2.2 When acting pursuant to the Finance Documents, the Agent is always acting with binding effect on behalf of the Noteholders. The Agent is never acting as an advisor to the Noteholders or the Issuer. Any advice or opinion from the Agent does not bind the Noteholders or the Issuer.

21.2.3 When acting pursuant to the Finance Documents, the Agent shall carry out its duties with reasonable care and skill in a proficient and professional manner.

21.2.4 The Agent shall treat all Noteholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Noteholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.

21.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Noteholders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.

21.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or considering (A) an event or circumstance which the Agent reasonably believes is or may lead to an Event of Default or (B) a matter relating to the Issuer or the Finance Documents which the Agent reasonably believes may be detrimental to the interests of the Noteholders under the Finance Documents, and (iii) in connection with any Noteholders' Meeting or Written Procedure, or (iv) in connection with any amendment (whether contemplated by the Finance Documents or not) or waiver under the Finance Documents. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 17 (*Distribution of Proceeds*).

21.2.7 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.

21.2.8 Other than as specifically set out in the Finance Documents, the Agent shall not be obliged to monitor (i) whether any Event of Default has occurred, (ii) the performance, default or any breach by the Issuer or any other party of its obligations under the Finance Documents, (iii) the financial situation of the Group, or (iv) whether any other event specified in any Finance Document has occurred. Should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.

21.2.9 The Agent shall review each Compliance Certificate delivered to it to determine that it meets the requirements set out in these Terms and Conditions and as otherwise agreed between the Issuer and the Agent. The Issuer shall promptly upon request provide the Agent with such information as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 21.2.9.

21.2.10 The Agent shall ensure that it receives evidence satisfactory to it that Finance Documents which are required to be delivered to the Agent are duly authorised and executed (as applicable). The Issuer shall

promptly upon request provide the Agent with such documents and evidence as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 21.2.10. Other than as set out above, the Agent shall neither be liable to the Issuer or the Noteholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.

- 21.2.11 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 21.2.12 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 21.2.13 The Agent shall give a notice to the Noteholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 21.2.12.

21.3 Liability for the Agent

- 21.3.1 The Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 21.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.
- 21.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 21.3.4 The Agent shall have no liability to the Issuer or the Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given in accordance with the Finance Documents.
- 21.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Noteholders under the Finance Documents.

21.4 Replacement of the Agent

- 21.4.1 Subject to Clause 21.4.6, the Agent may resign by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 21.4.2 Subject to Clause 21.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 21.4.3 A Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Noteholders, be given by them

jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Noteholders that the Agent be dismissed and a new Agent appointed.

- 21.4.4 If the Noteholders have not appointed a successor Agent within ninety (90) days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Noteholders, the Issuer shall within thirty (30) days thereafter appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of Market Loans.
- 21.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 21.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of (i) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent, and (ii) the period pursuant to limb (ii) of Clause 21.4.4 having lapsed.
- 21.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Noteholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 21.4.8 In the event that there is a change of the Agent in accordance with this Clause 21.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

22. THE ISSUING AGENT

- 22.1 The Issuer shall when necessary appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Notes. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 22.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Notes.
- 22.3 The Issuing Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

23. THE CSD

- 23.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Notes.

- 23.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Noteholder or the admission to trading of the Notes on the Regulated Market or any other relevant market. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Markets Act (*lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

24. NO DIRECT ACTIONS BY NOTEHOLDERS

- 24.1 A Noteholder may not take any steps whatsoever against the Issuer, any Guarantor or any Group Company or with respect to the Transaction Security to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation or bankruptcy in any jurisdiction of the Issuer, any Guarantor or any Group Company in relation to any of the obligations and liabilities of the Issuer, any Guarantor or any Group Company under the Finance Documents. Such steps may only be taken by the Agent.
- 24.2 Clause 24.1 shall not apply if the Agent has been instructed by the Noteholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Noteholder to provide documents in accordance with Clause 21.1.3), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 21.2.12, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 21.2.13 before a Noteholder may take any action referred to in Clause 24.1.
- 24.3 The provisions of Clause 24.1 shall not in any way limit an individual Noteholder's right to claim and enforce payments which are due to it under Clause 11.6 (*Mandatory repurchase due to a Change of Control Event or a Listing Failure Event (put option)*) or other payments which are due by the Issuer to some but not all Noteholders.

25. PRESCRIPTION

- 25.1 The right to receive repayment of the principal of the Notes shall be prescribed and become void ten (10) years from the Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Noteholders' right to receive payment has been prescribed and has become void.
- 25.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (*preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Noteholders, the Agent shall be entitled to issue such press release.

27. FORCE MAJEURE

27.1 Neither the Agent nor the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade, natural disaster, insurrection, civil commotion, terrorism or any other similar circumstance (a “**Force Majeure Event**”). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.

27.2 Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.
